What is a Community Living Arrangement?

Community Living Arrangements (CLA's) are licensed by the Georgia Department of Community Health (DCH) Healthcare Facility Regulation Division (HFRD) and serve individuals that receive waiver services from the Department of Behavioral Health and Developmental Disabilities (DBHDD.) This living arrangement provides or arranges for the provision of daily personal services, supports, care, or treatment exclusively for two or more adults. Our dedication to our residents and the satisfaction of our caregivers is a key factor in making Altrus CLA homes superior choices for those looking for more independent living arrangements of those with developmental disabilities. Altrus also provides CLAs in Savannah, Glennville and Augusta Georgia. As a CARF accredited provider, we are committed to quality improvement, focus on the unique needs of each person we serve and continually monitor the results of our services.
