* McKenzie's Place - 2334 Walz Dr. Savannah, GA

What is a Community Living Arrangement?

Community Living Arrangements are licensed by the Georgia Department of Community Health (DCH) Healthcare Facility Regulation Division (HFRD) and serve individuals that receive waiver services from the Department of Behavioral Health and Developmental Disabilities (DBHDD.) Altrus now provides supported living to adults with developmental disabilities in Savannah and Glennville Georgia. We pride ourselves on the best possible care and home atmosphere to your loved one(s). It is our job to make life the best it can be. Community Living Arrangements provides or arranges for the provision of daily personal services, supports, care, or treatment exclusively for two or more adults. The number of people living in a CLA varies with each location and staffing is based on individual needs. Staff is present at all times. The individuals have access to a variety of options and are assisted when participating in leisure and recreational trips to: the beach, museums, sporting events, skating, or for more active folks, horseback riding. Individuals are encouraged to visit their family's homes whenever possible and to maintain close relationships which enhance and nurture their quality of life. A wide range of therapeutic services for individuals, depending on their needs are coordinated. These services may include but are not limited to: nursing, behavioral supports, occupational and speech/adaptive communication. Our dedication to our residents and the satisfaction of our caregivers continues to be a key factor in making The Sunshine, Pledger, Tanglewood, and McKenzie's Place homes preferred destinations for those in need of our care.
